MIKAYLA LAURITSEN

Ames, IA | mclauritsen05@gmail.com | phone: 515-230-3628

EDUCATION

Iowa State University – 3.86 GPA **August 2023 - December 2027**

- B.S. Mechanical Engineering

PROFESSIONAL EXPERIENCE

Manufacturing Engineer Co-op – Graco Inc **January 2026 - August 2026**

- Updated setup and inspection procedures for parts machined on CNC turret lathes
- Implement 5S standards to workcenters
- Documentated noncomforming parts and corrective action from suppliers
- Quoted ~30 parts for buy-to-make comparisons
- Created several work instructions for various types of equipment

Boyd Lab Technician – Iowa State University **June 2023 - Ongoing by Semester**

- Manufacture parts for undergraduate and graduate researchers using mills, lathes, and other shop equipment
- Train undergraduate students on wood-shop equipment
- Teach new technicians how to operate metal shop equipment
- Perform preventative maintanence on shop equipment

Materials and Processing Engineer Intern – Textron Aviation **June 2025 - August 2025**

- Mechanical testing of fasteners and sheet metal under ASTM and NASM guidelines
- Developed a yield strength calculator given from load frame data under various types of tests
- Set up a bend test procedure for a MTS load frame for cold spray samples under the AMS 2447 guideline
- Fabricated coupons for load frame and fatigue testing
- Developed CAM programs for fatigue coupons for a 3 axis CNC mill

Tooling Engineer Intern – Textron Aviation **June 2024 - August 2024**

- Collabroated with engineers, NC programmers, and operators to design fixtures to significantly decrease setup time by implementing a palletized system on two 5-axis CNC mills
- Designed die and joggle blocks to form aluminum sheet metal and extrusion

TECHNICAL SKILLS

Project Management	TIG & MIG Welding	Fusion360	5S
Solidworks	CATIA V6	Visual Basics Applications	

LEADERSHIP

SAE Cyclone Aero Design **August 2023 - December 2025**

Business & Treasurer: 2025-2026 season

- Raised ~$5k through grants and sponsorships
- Promotes club activities at campus and local outreach events

Project Director: 2024-2025 season

- Oversaw all team activities and led general and leadership meetings
- Represented the team at SAE cabinet meetings
- Created an internal money tracking system
- Created, organized, and managed ~$10k yearly budget
- Raised ~$5k through grants and sponsorships
- Aided in technical subteams
